I found this book to be extremely helpful. Not only did it go over basics needed by every writer, but this book gave so many helpful suggestions which I began implementing immediately. A must have for anyone interested in writing good books for children.

Wow! I am speechless - and let me tell you that doesn't happen very often. This book is remarkable. I am not only blown away by Ms Mactaggart's knowledge and experience but the way this book is set out is just marvellous. The tips it offers are concise and straight to the point. The information, invaluable for anyone starting out on the road of children's book publishing or anyone who has years of experience. This is a must have if you are thinking about or planning a children's picture book. I love the little boxes strewn thought out the book that share titbits of wisdom. I feel blessed that I received a copy to promote on my blog and I highly recommend you do yourself a favour and grab a copy for your own library. You won't be disappointed.
