Customer Reviews

This is a fantastic book. It covers every possible marketing idea by the relevant months. It takes the thinking out of setting up your marketing. Teamed with *Explode Your Salon Business* you can turn yourself into a marketing machine!!

Well written, good content and tons of valuable resources. I like how it is laid out in monthly increments with inspirations for the salon teams to keep them motivated. Thanks so much for this book Elisabeth.

There were a ton, and I mean a TON, of ideas in this book. If you want to do promotions in

February, there are ideas specific to February, Ideas for June? Loads of them. However, I felt like after a while it got redundant and a little unimaginative. I work in the marketing department of a salon and was hoping for a bit more in-depth, helpful advice for growing our business. Instead, I got ideas about partnering with other businesses, holding events, etc. These will grow business...to an extent. I was hoping for a lot more than just partnership ideas and events, so slightly disappointed overall, but at least I did get a few good ideas from the book.

I found this book to be very refreshing. Great tips and ideas for salons or any other business. Great book !!
