Other included songs not mentioned in the product description:Day TripperDrive My CarThe EndHey BulldogI feel FineI Want To Hold Your HandLove Me DoShe Came In Through The WindowShe Said She SaidTaxmanThere are a total of 25 songs in this book of 128 pages. I can't see how one would not like this book, unless one is a completist and wants the complete Beatles. The Beatles made a total of 275 songs. Putting 275 songs in one book would result in a fat, heavy and unwieldy 1,408 pages (= 128 x 11)! This book of "only" 25 songs is easier to handle, and it's got some of their better songs. Unlike a 1,408 page mammoth sized book, if this book were to fall on your toes, they'll still be safe. I would hate to play with steel toed boots.... ;-)

Awesome song book for my 5 year old who plays drums! Notes are mostly what he has learned but some new challenging notes too. Great for a semi beginner player. He had been reading and playing drum notes now for a year, if that helps.

This book provides accurate transcriptions of Ringo Star's drumming with the Beatles and great insight into trick intros. Study the Beatles use of mix time signatures.

filled variety and hours of fun. even has bass ugitar notes to help you learn to play alongside a bass guitarist

This score book is very complete an worth getting if you want to learn the listed songs on the drums. I purchased one of the same songs over the internet which I downloaded, and it lacked much of the music notes needed to play the song correctly. This product is complete!

Pretty easy to understand. The drum notation seems to be pretty good and easy to follow.

Nicer in person than in pictures. Great gift ideal.
