Customer Reviews

I love radio theater old and new. Colonial Radio Theatre produces some of the best listening. They string the stories along rather well... reminds me of the Jimmy Stewart Six shooter radio series he did for one year.

I really enjoy this CD as well as the entire series. I am looking forward to future CD's from this author.

The CDs arrived within a few days form the day they were ordered and they were exactly as described. Thanks!

I love audio books better than watching t.v. or movies and this series brings the Classic Western to

life. The sound effects are crystal clear and as real as can be broadcast over the radio or on an audio CD. The actors and their characters are excellent and the storyline is superb keeping the listener involved from the beginning. From bad guys to Indians, horse thieves to bank robbers, wild animals to gold fever, posses and shoot outs, "Powder River" will be one of your favorites if not your favorite audiobook series if you are a Wild West fan! The music is awesome as well. Don't miss this fantastic series, it will take you back to the taming of the West and the strong men and women who lived the adventure!

Our family loves to listen to radio dramas! Unfortunately the radio station we listened to changed to a different format for broadcast. These are episodes we have not heard. I have purchased all previous seasons.
