Customer Reviews

When you see the Look Inside session of this prouct, you can see tablature for the first song (So Far Away). But the book that arrived has simplified piano version, with no guitar tablatures...So.. if you want guitar tabs, DON'T BUY IT!! :)I also have to say that refund the item with no further questions, as I expected from a great book store that is. So I really belive it's just a matter of wrong pictures in the Look Inside session, that I hope will be solved soon.

This is a great book of sheet music with guitar tablature of all songs from Dire Straits' great "Brothers In Arms" CD, the first all digitally recorded CD, and still the biggest selling in UK history.The transcription is good (with several abbreviations for solos and fades), and there are several excellent color photographs of Mark and the band. This is an excellent book of music which will challenge guitarists of any level of proficiency. I recommend this book to musicians (or Dire Straits fans) everywhere.

If you click on "Look Inside" the picture clearly shows guitar tab and the "Guitar Recorded Versions" logo. However, I've had to return this twice as they keep sending me piano/all instruments music.
