## Synopsis

When reserved flight attendant Bianca gets one look at billionaire hotel owner James Cavendish, she loses all of her hard-won composure. For a girl who can easily juggle a tray of champagne flutes at 35,000 feet in three inch heels, she finds herself shockingly weak-kneed from their first encounter. The normally unruffled Bianca can't seem to look away from his electrifying turquoise gaze. They hold a challenge, and a promise, that she finds impossible to resist, and she is a girl who is used to saying no and meaning it. Bianca is accustomed to dealing with supermodels and movie stars in her job as a first class flight attendant, but James Cavendish puts them all to shame in the looks department. If only it were just his looks that she found so irresistible about the intimidating man, Bianca could have ignored his attentions. But what tempts her like never before is the dominant pull he seems to have over her from the moment they meet, and the promise of pleasure, and pain, that she reads in his eyes.

BE STILL MY BEATING HEART! Holy Freaking WOW! Make room Christian Grey, Gideon Cross, Braden Carmichael - there's a new fictional boyfriend in the harem and that man is Mr James melt my freakin' panties Cavendish. How much did I love him? Let me count the ways! He's a super uber-alpha dominant male, he's possessive, protective, controlling, a bit of a sadist, romantic, tender, fierce, generous, caring, soulful - I could go on and on and rain down superlatives but my heart and stomach really did do crazy little flip-flops the whole time I was reading this and they are still doing it now as I think back and remind myself! I have a major crush on him. He meets the very

reserved flight attendant Bianca and they share an instant, mind-blowing connection. The world around them grinds to a halt as they just stare at one another, completely unable to look away. Mr Cavendish is seriously rich and uses his wealth and influence to see her again and they embark on an incredibly passionate D/s relationship. It's not just all about the sex though - I loved the way he tenderly took off Bianca's make-up when she was falling down drunk, the way he carried her and held her when she cried, the way he just wanted to care for her and cherish her and protect her from the world. Of course, there's more to it than that - they both have troubled pasts and both are keeping secrets and only a few are revealed in this instalment. One of those secrets will have huge implications for Bianca before the end of this one and they're being so guarded that they struggle with the dynamics of their relationship. I'd just like to give a big virtual hug to Stephan, Bianca's best friend, a gay flight attendant, and her biggest and fiercest protector.
