Synopsis

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. For courses in Quality Management. *Navigating Quality Management With A Unifying Framework* Foster's Managing Quality: Integrating the Supply Chain, Sixth Edition offers readers a thorough introduction to quality management by presenting a supply chain theme as the unifying framework for quality improvement. The supply chain thread enhances the integration of systems with customers, suppliers, technology, and people. The colorful, stunning text appeals to visual learners and grabs readers' attention at the outset. The Sixth Edition elicits a theme of "currency" while offering updated vignettes and references to remain state-of-the-art. The new edition is selectively edited and enhanced with new content that maintains its scope and withstands pivotal points in each section. Managing Quality keeps a competitive advantage by sustaining and building on cutting edge, relevant topics in quality management.
