Customer Reviews

I bought this for summer time practice for my eight year old. It has seventeen fun songs. The music is slightly less challenging than the regular lesson books which makes it ideal for self-study. She'll Be Coming Around the Mountain, Oh! Susanna, Home on the Range, Are You Sleeping, Good Night Ladies, This Old Man are some of the more popular songs.

My 11 year old loves these little books because they are simple and fun, tunes she already knows and therefore makes it easier to learn and more fun to play. We have ordered several of these and will order more.

I am using this for my beginner student who has had about 10 lessons. It is just the right amount of

challenge without being frustrating. Most of the songs use the same finger position (both thumbs on middle C) so she can easily learn her notes. The last four songs use another position, with both hands on C to G.

This book was recommended by my son's, who is 6 years old, piano teacher. Good and easy to follow. There are not many songs in each book so that my son feels achievement for each book. He also has other books, christmas, classical, etc.

Really like this book as it offers a variety of songs for piano playing Recommend for the beginner player this level is perfect

Really wish they would allow you to look INSIDE this book before purchase....way to simple for the person it was bought for. :(
