The Vast Right-Wing Conspiracy's Dossier On Hillary Clinton

Synopsis

They adore her in Manhattan. They worship her in Hollywood. They idolize her in the liberal media. But out in the real world are those of us who see through her lies about her husband, reject her socialist economics, and despise her radical social agenda. We are the members of what Hillary Clinton described as a "Vast Right-Wing Conspiracy", and at VRWC headquarters, we've been keeping a file on her. If you're one of us, The Vast Right-Wing Conspiracy's Dossier on Hillary Clinton will give you all the ammunition to help end Hillary's White House dreams once and for all. It's all here: the dirty deals, unsavory incidents, insane proposals, revealing comments, and outright flip-flops in Hillary's past. You'll also find the complete record of her activities since leaving the White House and the machinery she already has in place to return to 1600 Pennsylvania Avenue.

Book Information

Audible Audio Edition

Listening Length: 4 hoursÂ andÂ 14 minutes

Program Type: Audiobook

Version: Unabridged

Customer Reviews

This book is a RAPID-FIRE series of substantiated indictments of the former First Lady. It seemed like every word was annotated or referenced. There are around 12 "exhibits" (over 150 pages of documents, forms and letters that verify claims in the book ... gov't forms and legal docs are quite long) and another 8 pages of notes in the back to drive home the message. It's easy to read and stay engaged with this book. One has no doubt as to where the author and book stand on the issue of Mrs. Clinton. The tone of each (short) section consistently frowns on the documented, proven, indisputable, yet ostensibly still "questionable" actions of Mrs. Clinton. You end up shaking your head and wondering how someone could get away with so much. That said, the title is correct in saying that this is a (VWRC-style) dossier. The actions in question are documented and/or

explained, then part of the time the author goes an extra step to lambaste the former First Lady or sneer in Mrs. Clinton's general direction. I never said this was Adam Smith...I don't like mean-spirited content, and this book tested me very little. I find Carpenter's book to be as witty as Coulter columns, but a little less snippy. I didn't find that the "non-fact" opinions that occasionally followed a topic detracted from my experience. In some cases, I beat her to the punchline in my mind, and thus felt quite involved in the book. It probably deserves 4-1/2 stars for keeping the reader's attention, but I can't inflate this book at all due to the seriousness of the issues at hand. Normally, reader-engagement is integral to the quality of a book, but in this review, the focus is roundly on the ideas expressed within, not whether Ms. Carpenter is yet on par with Hemingway.
