Customer Reviews

Very brief not very secret if you have been brewing even once.

Pretty basic. Nothing you can't quickly pickup by reading homebrewtalk.com . Gave it two stars because it was free. I would've been mad if I had paid for it.

This book is very informative if you haven't brewed already . Very quick read and worth the price. Get it

Excellent advice well organized and laid out. It led two of us crafting two very good batches of beer.
