Customer Reviews

This book helped me pass the test! I failed the first time without the book, but this helped me A LOT the second. The reason why I didn't give it 5 stars is because I wish the narrator didn't sound so mono-toned. There were a few times when I was driving and listening to it, it made me so tired and sleepy. Overall, it's a great book.

The book is helpful, although it is confusing because it needs to be updated as soon as possible as it is out of date on some things

Does not have information for TRID, need to be updated. Otherwise it was well organized and easy to follow.

Considering the information pertained to some of the older laws, it was still helpful.
