Jaco's music will span the ages, no doubt. This instructional guide is good for learning the notes he played on the selected song list. But...no Jaco. Musicians on the accompanying CD are excellent in thier reproductions. But...no Jaco. Something to aspire to though. Good for what it is. Thanks!

Almost all of the tunes are written in treble clef which defeats the purpose of buying a playalong book for bass. I've put it away on the shelf and haven't touched it - not happy with it. Not that I can't read treble clef (I'm fluent at it), but I wanted to focus on my bass clef abilities.

For any fans or serious students of Jaco Pastorius this book and CD are an excellent addition to any student of jazz or Jaco Pastorius.
