A must have for the Model builder or historian looking for information on the Portland Class Cruisers. There are enough detailed photographs that show each stage of refit from launching to final refits, also has all the paint information so you know exactly what Navy Measure paint scheme was used and during what time. A plethora of information at your finger tips.

My father served on the USS Portland in WW II. I wanted to see the ship, and understand his war. It met all my expectations.

Great reference for these two heavy class Crusiers. Lots of photos of radar, a.a updates, camouflage and structure modifactions.

Good photos of both ships Indianapolis lots of pre war and Portland war upgrades.
