Customer Reviews

Of the many books about SAAB's twin delta interceptor this 1997 work (an English translation of an earlier title published in Swedish) is by far the best. Covering each operator separately Jan Jorgensen shows to other authors (and publishers) how a proper photo book should be. Unlike other books of this type there are no unrelated photos just to fill pages (Osprey Colour Series anyone???) or poor quality pseudo-artistic shots. Every single photo is top notch. Very very highly recommended.
