# Barron's EZ-101 Study Keys: Psychology

## Synopsis

Designed to be compatible with virtually every standard textbook in its subject field, Barron's EZ-101 Study Keys gives you a valuable overview of your college-level course. Classroom-style notes emphasize important facts, remind you what you need to remember for term papers and exams, and help guide you through the complexities of lectures and textbooks. Psychology covers the themes, keys, terms, and facts to know for your introductory college course. Included are research methods, biopsychology, developmental psychology, learning and motivation, cognition, intelligence and personality, social psychology, a summary history of modern psychology, and much more.

## Customer Reviews

Received book right away. New item as promised, and hopefully this will help prepare by child for the test! Looks like a great review book.

The EZ 101 Keys are great books to review for college exams, AP exams, CLEP and DSST exams (other ways to earn college credit.) There are no practice questions, but the important information is clearly laid out and the small size of the book means it can slip easily into a purse or bag and you don't feel overwhelmed looking at the size of it.
