## **Customer Reviews**

Love how BIG it is! I have quite large bubbly hand writing and so most address books tend to look sloppy b/c I am taking up so much space. The only thing that made me have on 4 out of 5 stars is the fact that it's not "alphabetical". If the book came alphabetical that would make it perfect for me.

I couldn't believe the difficulty I had finding an address book! However, I was glad I couldn't find any in the stores because I love this one! Regular address book but lovely cover and nice and roomy!

This is not exactly what I thought I was getting. The artwork is a bit blurry. It is not alphabetized. And it seems more like the quality of a coloring book and not an address book. I am a bit disappointed. It will serve my purposes, but it was not what I was expecting.

I ended up buying another one after I got this - my main complaint is it is basically just a book with spots for addresses - so no dividers between letters or way to keep alphabetized in any way. I ended up buying another one that had sections marked off for sections of letters so I can continue to add and keep more organized. It's also a full size 8 1/2 x 11" book - little big for what I was looking for - I definitely didn't pay enough attention to that.

This is something I could have printed off my computer. Very low quality and very disappointed.

The print and pages are large for my elderly mother-in-law. I only wish that it had alpha tabs in it. It kind of makes it difficult if you have to put all the names in one after the other.

Loved the size and appearance of the address book...however, it was NOT alphabetized...this could be a problem when looking for something/someone in particular.

To big. Not what I was looking for in a phone book
