## Customer Reviews

In the words, the images/lines are fuzzy. It's like someone enlarged a small resolution image. Too much black in filled and grey fuzziness everywhere.

Disappointed in this book. I thought there would pictures and designs to color around the words but

instead it's just the words that you fill in. Plus some of them look they were just xeroxed and are bad quality. Some you can't even read what it says.

Got this coloring book because it looked funny, but it was one of the best things ever. There are a lot of pages and the words are easy to color. I think somehow coloring in a swear word is more relaxing to me than some other designs. Thinking about buying a few for some of my friends and family.

If I could give this no stars I would. Very blurry and of poor quality. The cover art is way better than the interior.

It's lacking. There isn't anything around the word. Most of the page is blank. Some of the design inside the words are blurry and so tiny you can't color in it. Not great.

Very disappointed
