# Tony Robbins: Understanding The Life And Teachings Of Tony Robbins

## Synopsis

What is the meaning of life? What purpose do we serve on this planet? Where did we come from? Are we nothing more than some genetic anomaly or accident? Or were we purposefully designed and given free will by a deity? These questions and more swirl around in our heads as we continue to exist in this dog-eat-dog world. Life can get pretty difficult at times - a difficulty that has nothing to do with the previously aforementioned questions. Have you ever thought that life would be easier if you just had someone tell you what to do? Life may not come with a manual, but there are people in this world who believe they have discovered a formula to making life easier; people like Tony Robbins. Tony Robbins is a life coach, financial freedom advisor, self-help author, professional speaker, and actor. He is one of the world's most recognized individuals and considers himself a "peak state life coach" rather than a self-help motivational speaker. He has taken quite the impressive route through his life from an unusual child to a phenomenon in the area of self-help.
