## Customer Reviews

This is an amazing sheet music book featuring the sheet music for each song from Tori's latest CD "To Venus And Back". The book includes all 11 studio songs (Bliss, Juarez, Concertina, Glory Of The 80's, Lust, Suede, Josephine, Riot Poof, Datura, Spring Haze and 1000 Oceans) and studio versions of the 13 live tracks on the album (Precious Things, Cruel, Cornflake Girl, Bells For Her, Girl, Cooling Mr. Zebra, Cloud On My Tongue, Sugar, Little Earthquakes, Space Dog, The Waitress and Purple People). A must have for any musical Toriphile.

some of the music in this book is wonderfully transcribed, but then sometimes it is not. it depends on how much the music for the song was centered around the piano. great transcription of Lust, Concertina, Spring Haze, 1,000 Oceans, and some others. I was disappointed with Riot Poof and a couple of other songs though it's ok if you are good at improvising. this is a much better book than from the choirgirl hotel, though there is an excellent version of Jackie's Strength in that.

I was pretty happy with the songbook in general. There are a lot of songs and for the price that is marked it's a VERY good deal. The only thing I was disappointed is that the songs in the live section

are not the way she plays live at all. Just a reprint from the original versions. As far as the rest, they're very well transcribed. Very good for the price.
