51 Ways And Places To Sponsor New Distributors: Discover Hot Prospects For Your Network Marketing Business

Synopsis

Where can you find great prospects for your network marketing business? Who are the best prospects? Where can you find groups of these prospects? And how can you attract these prospects to you and your multilevel marketing business? In this book, *51 Ways and Places to Sponsor New Distributors*, you will learn the best places to find motivated people to build your team and your customer base. So instead of searching and wasting time, you can get right to the very people who want your business and products. Why 51 different ways and places? Because not everyone wants to build a business the same way. Some people are comfortable on social media. Other networkers like building in person. Or maybe you just like using the telephone from the comfort of your home. And no matter which method you prefer, other people in your group may choose another method to build their businesses. There's something for everyone. Talking to people at random is fine. But if you want to build your organization, you want to target your efforts directly to prospects who want your opportunity and products. Save time. Save energy. Focus on prospects who feel now is the best time for them to make a change in their lives. Whether you choose the Stair-Step Technique, the Bird Dog Technique, or a Promotion Party, you will actively fill up your calendar with great appointments for your presentations. Just pick one that is comfortable for you, and start building today.

Customer Reviews

Anything I ever read or has been told by Tom" Big Al" Schreiter or Keith Schreiter worked for me

and my partners. The teaching and experience of "Big Al" builds the backbone of the trainings I provide to my organization. And I published two books from them so far in Hungarian language and more will follow in other languages, because what you read works and can be put into action straight away. I am really glad that they released this new book about how and where you can sponsor new distributors into your business. I am positive that it will bring back your investment a 1000 or 10.000 times. Is it a good ROI? I think so.

I just got this book and after following Tom "Big Al" Schreiter for many years I'm glad to have a new book out to help people find new prospects for their business. It's not always easy to look at your existing networks and circles and find new people. But this book will line up innovative strategies to help you find your next prospects. Don't miss #33 - it'll make you wonder why you never thought to look there before!

I've heard about a few of the places and ways to prospect before, but this book offers several that I didn't even think about. Some are on my "in the future" list, but a few I can put into practice right away. Great ways to build a business!

This book is essential for the "newbie" who may be a bit shy or timid and is uncertain about where to start. This book also provides additional ideas for those more experienced in the industry. Absolutely fantastic!!!

This book is incredible! I went from having no ideas to having so many that I don't know where to start! I am so ready to get going with these.

This book is full of great and easy to implement ideas. I read most of it in one sitting. Pick one or two ideas and take action, and watch your your business grow! Thank you Big Al and Keith!

Excellent information. Some of it is not new, however Big Al has some new twists to it. Very entertaining and it is well worth the \$5 price tag. No more excuses that you do not know what to do or where to go to sponsor new distributors.

At first, I thought some of these ideas were crazy. BUT, in today's world, crazy marketing works! So I'll be trying a few of these next!
