Josephine Trott - Melodious Double-Stops, Book I: Transcribed For Viola By Jane Daniel

Synopsis

(String Solo). Trott's Melodious Double-Stops Book 1 for Violin (50327290) has been a landmark string exercise book for decades, selling thousands of copies a year. Now the same exercises have been insightfully transcribed for viola.

Customer Reviews

Well, I looked at this because it is the only book I could find on double stops for the viola. It has not met the needs of my student because it is too advanced, but I also think this is a good book of your student has already worked on double stops and can do short exercises.

These are awesome little etudes. I have been using them to teach with for many years. They help with ear training, reading, bowing, and many other things. Still looking for book 2. It's just as good.

It's great to see a viola transcription of the Trott book! I've used these studies for years with many, many violin students to help them work on their double-stops, and have always wanted to see a version for viola. The print quality of this edition is excellent, and the included fingerings are indeed more "viola-friendly" than some of the original ones from the violin book.
