This is crazy. You don't get the book, you get access to the ebook on line. This is for your class and you are unable to resell it. Suppose after a year or two you want to reread the book again? Sorry, your ebook has expired. You don't own the book, you rent it online and once the time is over, it's gone. A new way for the book companies to screw the people who purchase this instead of giving you the book plus the online access. This is the new reality and if you don't pay for your digital rights you can't take the class. Somebody needs to tell the colleges to stop letting the book companies take advantage of the students.

This is the 7th edition, which is not being used anymore. Do not buy this! You will not get your money back!

I used this book for my college music class. I had no problems accessing content, learned a lot, and had a pleasant experience using the book. This is an eBook that you access through the company's website. It's a simple process to create your account and log in.

Good deal good book....Highly recommend renting or buying.
