Customer Reviews

First of all, I am a feng shui's lover, I really like everything about it, that's why my brother gave me this book and I have to say it's a good one, if you're a beginner this is a nice option. It explains from the beginnings, the way you can improve it, and a lot of things. I really enjoy reading about techniques, because it explains very clearly about them, another thing I would like to talk about, it's that the book explains how does people feel when you practice feng shui, it's a very good sensation, you feel happy and optimistic. A good way to introduce yourself into feng shui's teaching is reading this book.

A very pleasant read, if you need to end the stress, feng shui it's definitely something you'll love to try. Learn how to deal with the elements in your life and find peace, I love how applying feng shui changed my attitude and how the others can notice it, and if you're looking for a start point this is a

great book, I found it really well constructed and with tips you can apply immediately. This book really motivates you to accommodate your home. Find order in your things and you will find order in your mind. I love the style it's written because really helps you on your first steps.

I was recommended this book by a friend of mine when I asked her about incorporating feng shui into my home. The photos in this book are outstanding and gave me great ideas for color, furniture placement, lighting and artwork. The author Carol Tiebert makes it very easy to understand feng shui principles and apply it to contemporary home design. In addition, there are loads of recommendations about creating a positive lifestyle. Not only did I learn about incorporating feng shui into my home, but also I learned how to bring the concepts into my personal life. I highly recommend this book!

My mom is really into feng shui, so she got me this book when I moved out because she wanted me to try it, and I said why not. It gives nice insight into what feng shui is and how you can apply it in your life to improve your quality of life, and I must say that you can notice the effects, I wasn't sure about it before I tried it, but it really works if you apply yourself. The only thing that I'd like is more information and pictures, but otherwise this is a great book.

with no doubt this book has given me a new lifestyle, based on the reorganization of the spaces in my home, until the point that became a way of life , that allow me optimize the flow of energies within our spaces in my daily basis, I must confess that I always felt curious about this ancient oriental culture, and when I found this book, I did not hesitate to buy it because I thought it would give me the knowledge I needed to immerse myself in this world, and he did; as explained very simply how to activate positive energies through the correct placing of elements in appropriate coordinates.

the author presents this ancient Chinese art and offers clear explanations that address the specific needs of our Western way of life. With these guidelines and a little practice, you'll diagnose and heal your place of residence or work and create harmony, comfort and balance in almost any space, whether it is a crowded office and the residence of a large family or a small apartment, in my case was a great change that make my wife and my house greatly improved with the new organization, read it

Many people believe in feng shui and all that mysterious things that Chinese people had created since the beginning of their history, the essences, the symbols, the music they use to create an atmosphere where you can feel relax and get your acts together, its really awesome because you learn many things that can help you out in any stressful situation, also they have tips in order to increase your economy with the help of some dragons and coins symbols.

My girlfriend and I bought this book a few months ago, I was a little skeptical about feng shui, she decided to buy it and they both read, after a few pages you realize that this book can help in the best way. This book gave us the technique to maintain our inner peace, how can we take situations that can be stressful for us and the way in which it is written helps us to follow the advice and instructions we face in content to turn to keep our life in balance, in general I think that helps us in the way we began to perceive things around us.
