Customer Reviews

This is another reliable book of harp pieces in the beginner to intermediate range by Deborah Friou. There is a wide variety here and most of these peices are readily playable on lever harp, and arranged in a very accessible manner for the modern musician.

I use this book for my Celtic harp students. It lets them dip their toes into a bit more of a classical feel without giving up the Celtic sound

Pretty good book. I am a beginning harper and found most of the pieces in this book just outside of my capability, but what's great is that I have a book that I can work into and use for a while! Pieces sound great on my 24 string Celtic.

I have found this product to be exactly as described. the scores are great and I look forward to learning all fo the enclosed turnes. Thank you for producing such a lovely collection of scores.
