Customer Reviews

I liked the creativity that went into writing this story. Quite unusual! So, I would like to recommend this for five stars and for kids very likely in grade school. I received this ebook for free and in return, here is my honest review. Great job Billy! By Angela

I do not like books of this genre, but this struck me simply! Friends, really, very, very well set out. This is new in my mind. I could see myself using those tricks and tips while playing minecraft. I was so addicted with this game and truly this book a huge help for me. I would love to share this information to my friends, family and more. I could see myself improving and taking challenge in the future. A well-written book that everyone should be read. The author did a great job. Friends read, develop, and this book will help you. I advise! Thanks
