Synopsis

Audie Award Winner, Classic, 2014 Sir Arthur Conan Doyle’s Sherlock Holmes tales are rightly ranked among the seminal works of mystery and detective fiction. Included in this collection are all four full-length Holmes novels and more than forty short masterpieces - from the inaugural adventure A Study in Scarlet to timeless favorites like "The Speckled Band" and more. At the center of each stands the iconic figure of Holmes - brilliant, eccentric, and capable of amazing feats of deductive reasoning. By his side is Dr. John Watson, his steadfast assistant and our trusty narrator. This set is a must-have for every discriminating bibliophile and Sherlock Holmes fan.

Customer Reviews

When searching for a good copy I noticed two things from the reviews: (1) a lot of options didn’t actually have the ENTIRE collection, (2) TOC and organization was poor in most options. Being the first to review this item, I’ll offer my opinion. I hope this helps out anyone looking to purchase this book.Bought on the Kindle Fire Hd. I have yet to read the entire book - this is just a review on the collection, TOC, and organization. However, from what I have read there were no errors. I’ll update later when I actually finish the book.From what I can tell, this option does in fact offer the entire collection and is set up in the following manner. The TOC does include links to individual short stories; I disregarded them here out of practicality.Volume IA Study In Scarlet (Part 1 and 2)(Mr. Sherlock Holmes, The Science of Deduction, The Lauriston Garden Mystery, ect.)The Sign of FourAdventures of Sherlock HolmesVolume IIMemoirs of Sherlock HolmesThe Hound of the BaskervillesVolume IIIThe Return of Sherlock HolmesThe Valley of Fear (Part 1 and 2)Volume

IIIIHis Last BowThe Case Book of Sherlock HolmesThe TOC works perfectly fine. It may be a little confusing for some though. I'd recommend you take a look at "peak inside" option offers if you're a bit confused. There's really no difference between any other Kindle books I've bought. There are actually two TOC's - one displaying volumes and the other for content within the volumes. The "Volumes" TOC is located right being the cover (Loc 2). The Volume TOC will link you to individual volumes; then there will be a TOC for the volume itself.
