Blues Harmonica: A Comprehensive Crash Course And Overview

Synopsis

(Harmonica). Now on CD! This exciting instructional book/CD pack features a comprehensive crash-course on all aspects of the blues harmonica, including: types of harps; buying a harmonica and breaking it in; maintenance and repair; breathing and phrasing; tablature; 12-bar blues; playing with a guitarist; non-standard tunings; and much more. Written in a fun and friendly conversational style and only in tab notation the book encourages players to learn at a comfortable pace, while developing their own style and feel. The accompanying CD includes demonstrations to inspire and aid players in practice.

Customer Reviews

Historical, not so practical.

In my opinion, Tom Ball is a fantastic blues harmonica player and I would never want to give the impression that he doesn't know what he's talking about. However, I found his approach to blues harmonica instruction very weak. I owned this book 17 years ago when I was just starting to play harmonica and it didn't do much for me then. So, after 15 years of playing, I thought I'd check out his course once again to see if I could pick-up anything. I repurchased this course, listened to the CD and read along in the book--all in one sitting. Then I closed the book, stuck it in a drawer, and went back to the internet to see what else was available. Tom Ball's book wasn't helpful when I was a beginning player and, after 17 years, it's still not helpful. Again, Tom Ball is an outstanding player,

but his Blues Harmonica: A Comprehensive Crash Course and Overview just wasn't helpful. To be honest, after 17 years, I don't think any aspiring blues harmonica player could do better than Jon Gindick's, Rock & Blues Harmonica. Gindick actually takes you from the beginning stages to an advanced intermediate level in a quick, interesting, effective, and inspirational way. Anyway, happy harpin'
