Customer Reviews

Just to be clear this does have color images (as does the Complete Works 1.) The text is all in Japanese but about half of the pages are color scans of the Prints. Not sure why the other review says it does not. You can get a sample sent to your Kindle and it should have a few of the prints (at least mine did.) Not sure how complete this set is but it is definitely worth the price.

No images. Text all in Japanese or Chinese. Deleted the digital copy after I found no pictures in it.

outstanding copies of the art
