Customer Reviews

I've been looking for a book about dragons. Not dragon riders, dragon slayers, or a girl who gets sent to a dragon's lair by her Aunt. I wanted a book about dragons. However, when I found this series, I didn't expect it to be any good. I was proved wrong. This book is in the point of view of Glory the RainWing. In a world where the dragon tribes are at war, a prophecy has been delivered. Five dragonets will come and stop the war. A SeaWing, a SandWing, a MudWing, a NightWing, and a SkyWing. They were to hatch on the brightest night, and, in their eighth year, stop the war. Glory sometimes feels like the odd one out. After all, it wasn't supposed to be a RainWing in the prophecy, it was supposed to be a SkyWing. And, to top it off, RainWings are considered lazy and useless by the rest of the tribes. The other tribes think that RainWings are like the decoration of Pyrrhia. They don't really do anything but sit around, sleep, eat fruit, and look pretty. Glory feels differently. She knows that their color changing scales can make them invisible. She knows that RainWings have a black poison in their fangs, able to melt scales and kill any dragon it comes into contact with. Her hopes are dashed when she sees that RainWings really are lazy, don't use their poison, and pretty much only use the scales to try and show off. In fact, RainWings are too lazy to count their eggs. No

one even knew Glory was missing. However, she begins to get angry when she is told that RainWings have been vanishing for the past year, and no one has done anything about it, except one single dragon. The one who told her. So, of course, Glory has to do something about it. This book is even better than The Lost Heir.
