Customer Reviews

I have struggled for years to feel fluent in (a separate study of) Spanish, with two years of school study, and am usually a quick study on any subject, good in English and linguistics. But learning a new language is a challenge if you cannot do sink or swim in-country, and I've never felt I could completely do it, living in the U.S. In fact, I *have* never done it completely, prior to Paul Noble's programs. Nonetheless I am determined to learn German for various needs (and finally master Spanish afterwards!). After buying a number of other programs, mobile apps, signing up for a few different website learning centers ("memberships") and buying some other audible books, the most I could have said prior to this book is that I know a chunk of vocabulary. Other programs' fast

verbalizing of new sentences was frustrating; they'd repeat things twice but I could not understand 100% of what letters were said (was that a "t" or a "d" ?? What was that fast-verbalized syllable??? etc)....Despite all these other purchases, before Paul Noble's program I could not make new sentences in German (or Spanish), except maybe a couple 3-word highly simple present tense sentences. All I could really do was repeat sentences taught to me in these programs, and *that* is NOT speaking a language! UNTIL THIS PROGRAM -- WOW!!! I am now voicing new sentences in my head as I go about my day, and I know I will be proficient enough soon for my needs. I *love* this program!!!
