Dollar Democracy: With Liberty And Justice For Some: How To Reclaim The American Dream For All

Synopsis

Big Corporations and their super wealthy owners have bought many American politicians through campaign contributions and lobbying. These politicians have voted to benefit their donors, not the American public. Many American political leaders have made decisions that led to: outsourcing good middle class manufacturing and high tech jobs, dismantling our public education system kindergarten through college and university, deteriorating health care that leaves Americans in danger, sick and broke, destruction and endangering of our environment and lives, polluting of our food supplies through deregulation of Big Agribusiness, pesticide use and the proliferation of Genetically Modified (GMO) foods, the crash of Wall Street and the Great Recession, from which the bottom 99% of Americans have not yet recovered, while the super wealthy top 1% are doing just fine. The Corporate dominated policies of these sponsored politicians have resulted in the greatest gap between the American rich and poor since the Great Depression, and a disappearing middle class. Professor Peter Mathews not only critiques this "Dollar Democracy" which brings Liberty and Justice for Some, but he also provides solutions that will bring Liberty and Justice for All, and will help the bottom 99% of Americans Reclaim the American Dream and make it a Reality once again! These solutions include Clean Money Elections and amending the U.S. Constitution to remove Corporate Personhood and to declare that money is not political speech according to the First Amendment. The Second Edition (2015) contains explosive new material on the Military-Industrial-Congressional Complex and on TPP and TTIP.

"Peter Mathews provides us with stories of his personal activism along with a cogent political analysis of what is happening to our country and our world. With clarity and courage, he fights against 'Dollar Democracy' on behalf of real democracy. Well written and well-informed, this book is a citizen's weapon."--Michael Parenti, Ph.D., Yale University; author of *Democracy for the Few*, *The Face of Imperialism* and *Waiting for Yesterday*

This book is potent. It demystifies the reasons behind an unresponsive dis-functional government and clearly outlines the path for fixing it. The reader is encouraged to participate and become part of the solutions; and the solutions are not that complicated. Peter Mathews brings politics back to life, and reminds us of what America is supposed to be: A land of opportunity and of community. He reminds us that WE are the government and WE, (all of us,) must take back control. We owe it to ourselves, our children, and the world. We are Americans. We need to remember what that means, and begin once again, to act like it.

A very clear description of the current situation wherein the corporate plutocracy has taken complete control of the political process as well as some excellent ideas about what can be done to start to reverse this disastrous situation.

Peter Mathews is a straightforward No Holds Barred.... factual author a professor of political science who cares deeply about the current political world we live in! this book is definitely worth your time.... buy it and be informed on what's Happening in our political system and why.

I purchased book for my father. He said it was an eye opener. Lots of good information.
