Customer Reviews

If you've picked up "Trump: How to Get Rich" in hopes of learning the secrets or the path to become wealthy you'll be very disappointed BUT the book is still an interesting read. Here's the lowdown on the book. **WHAT IT IS NOT** Trump doesn't really tell you how to become rich. There are no tips on landing the high paying job or making the killer investments. So if you're looking for a manual to get rich you'll want to look elsewhere. Realistically you'll probably want to get a good personal finance book or a entrepreneurial book. **WHAT THIS BOOK IS** This is actually more of Trump's memoirs where he tells you the tales of some of his big deals he's made and his manual for having a **SUCCESSFUL CAREER** and life. Among the gems he shares with you are: 1. How to recruit and hire good talent to work for you. (Hire people who **WANT** to do your work and are talented and loyal). 2. Get a job good. (Do something you enjoy) 3. Get the pay raise you want. (Ask the boss when he/she's in a good mood) 4. Make good investments. (Invest only in what you are knowledgeable about) 5. Timing is everything when it comes to making deals. 6. You need to know what the other guy is thinking when making deals and meet their needs. A lot of it is common sense really but hearing it from someone like Trump reinforces it. The book is broken down into 6 main sections: 1. "The Donald J. Trump School of Business," 2. "Your Personal Apprenticeship: Career Advice from the Donald," 3. "Money, Money, Money, Money," 4. "The Secrets of Negotiation" 5. "The Trump Lifestyle," 6. "Inside the Apprentice." In the first 3 sections he basically talks about those little gems we mentioned.
